Parking light boxes

- Impact resistant
- High sealing level
- Very high finishing level
- Long lifespan of LED light (65,000 hours)
- Saving energy and replacement costs

Our Parking light boxes

Due to the many years of experience we have in this field, our payment terminals can be easily found and recognized. These parking light boxes are available in various versions in which design, print and confirmation of the box can vary. We use a LED light source for the internal lighting, this saves a considerable amount of energy and lightbulb changes.

Important advantages

- Impact resistant
- High sealing level (comparable to IP65)
- Very high finishing level
- Long lifespan of LED light (65,000 hours)
- Saving energy and replacement costs
- Different possibilities:
 - - Cube P-Box, Triangle P-Box, Boldie P-box, Boldie P-box with solar panel, Top fixture

Electrical properties

- Power supply: 12V direct current
- Total power: 4W
- Suitable for solar panel

Mechanical properties

- Housing material is aluminium extrusion profile
- Impact resistance polycarbonate
- Weight 7kg
- Temperature range -30°C to + 60°C

Quality & standards

- Degree of protection IP66
- LEDs and power supply CE certified
- Technical lifespan 65,000 hours and 12 months warranty
